NOVEMBER 2021

VOLUME XVII

ISSUE II

November

is here

Snow shovel
On wheels

What will they think of next ?

Time to get the long
paints on!

President's Note – Nov 2021 Newsletter

As you are all well aware, we will, most likely, have a vacant position beginning Jan 2022. . *President*

And as such, I have asked everyone to give serious thought about running for this office.

I recently came across this quote from Henry Ford, which I think speaks to our current situation regarding the lack of candidates / volunteers. Everyone should read and reflect upon Henry's words...

**“There is no man living
who isn't capable of
doing more than he
thinks he can do”**

...Henry Ford

Folks, you club is calling you. Don't sit back and hope someone else will run for President. Step up and answer the call. It's up to you.

Pick up the phone and lets
discuss the job. Its very
rewarding and easy to do, so
don't wait

Pete

Tours

Things to do in what's left in Oct.

Oct. 24

Sunday. We will gather at John's and leave at 11 A.M. Please pack a light lunch and lawn chairs, as we might stop at Geers Tree Farm for a break then continue to Hopeville State Park for lunch. This might change because of Geers commitments.

Oct. 30 & 31, Sat. & Sunday,
Brooklyn Swap – Brooklyn Fair Grounds, RT169, Brooklyn Ct.

Nov. 10 ---- MEETING AT JOHNS — 5pm

THIS MEETING IS THE ANNUAL MEETING AND THE ELECTION OF OFFICERS. PLEASE ATTEND !!

George King III --Picnic Oct.,2021.

Now it is Sunday, the day we were waiting for, the first look at the
ORIENT.

There are a few things left, but George has it under control. So far it looks excellent. The garage is roomier and has heat coming out of the floor, come winter George has no excuse for not getting the Orient done.----- There were nine members that enjoyed the Pizza and the cake that Ray made for dessert . The hospitality was nice.

We were shown around the beautiful home and grounds. It was wonderful to have a family to share a house and garage like that. Thank you George for asking us to join you and your daughter and son in law . We can not wait for the Barnyard d'Elegance !

Stuff to think about.

In the 30's the first line of combination wrenches were introduced to the market. They were based on the original design by Mr. Plomb. In 1917 they began to make chisels from model "T" axles. Throughout the 1940's, PLOMB Tools acquired several other companies. They changed the name to Proto Industrial Tools. The Stanley Works purchased Proto in 1984.

Within Stanley Black & Decker, Proto Industrial Tools are a part of the Industrial Automotive Repair division, which also sells mechanics tools under the Stanley, Blackhawk by Proto and Facom brand name

Who could these two guys be?

Four Seasons Model T Association 2022 Membership Registration Form

Please return this form by Jan 15th 2022 to:

Peter Smith
