

THE TIN LIZZIE GAZETTE

OCTOBER 2020

VOLUM XVI

ISSUE 10

President's Note:

Many thanks to Marty, Linda, and Ed for organizing a BACK ROADS TOUR of Lebanon. What a great day we had, six cars, nine members And perfect weather.

I was especially impressed with all of the pasture land/rolling hills, which comprises so much of Lebanon. During our drive we saw a harvester in action cutting crops and automatically “chucking” them out a rear mounted chute high into the air. The crops were then landing in the bed of a large trailer truck, which followed 20-30 feet behind the harvester. What an operation! Later, we also saw a “tedder” turning over cut hay, so it could dry before bailing. Later we enjoyed a break at a very picturesque pond known to some as “Marty's & Andre's “old fish'n hole”. Our tour ended at the Lebanon Historic Society where Ed had arranged for us to enter so we could freshen up a bit before our picnic lunch. A Fantastic Day!

We hope to have 2 more tours this Fall, so stay tuned and above all, stay well.....
Pete
