## MAY, 2021

May Birth Flower | The Old Farmer's Almanac

## President's Note – May

We are on the road again, and what a great feeling! Perhaps we have even set a new club record for the earliest tour of the season. Not only was our “Dusting Off” tour a great ride but also seeing many of our Four Seasons Friends again just made the day even more special.

Our 7 car, 30 mile ride caravanning to Hopeville Pond State Park (Griswold) was superbly planned by Jack & Marge. The park encompasses 554 acres, a portion of which occupies the site of the lost village of Hopeville.

We will be planning another ride shortly so if you missed this one, try and catch the next. You'll be glad you did! We will be discussing plans during our first 2021 meeting at John's on May 12<sup>th</sup>. That's right, we are resuming our monthly meetings once again. We'll either be in John's driveway or in his well-ventilated garage. Hope to see you there!

It's wonderful to see the club in action again!

Happy Motoring  
Pete

## HOORAY! WE WENT TO HOPEVILLE POND STATE PARK !!

It was Sunday the 18<sup>th</sup> The morning was cloudy and cool in the 40's . No sun at all .

Marge and I trailerd our car to Johns. And on the way we met up with Mac. When we got to Johns he was already checking his 23 T .

As the cars came in, the sun was coming out and things were looking up. We all left around 10:30, there was 7 cars and 12 people. We drove 30 miles with NO incidents. Even on the back roads no one got lost – not even me- We arrived at the Park and drove around , it was beautiful with the water and the picnic tables next to the water.

We settled down at the beginning were the sun was shining . And two tables were not occupied. There we ate and laughed. We all left at 1:30. What a great day we all had and can't wait till we go some were again.-----

Jack&Marge

Thanks to all who joined our Dust Off ride. To those of you who could not make it, we missed you. Hope you can join the next one. ---J&M
