Ned was out in the eastern part of the state in his '24 "mutt".

Presidents Note for July 2022.

Here is hoping everyone is felling good.

Just think it is June and one/ half is gone to the wind. Now is the time to get together or we will be wishing we had. There are a lot of things coming up.

Lets try to take part.

Because of no interest we will not plan on going to the Heritage Museum.

Not like the Douglas Manor car show that three cars showed up. If you stop and think that some day we might be in a manor and like to see some of the cars we owned or drove back in the younger days. Let this come to mind the next time we are asked to attend.

On June 11th we were asked to attend the Lebanon Historical Society, Hands On History. This takes place on the Second Saturday in June. Six of our members attended with there cars. That was a good turn out on the clubs part. Even our latest member --Jesse -- was showing off the corn husker, then how it gets ground up for corn meal

Now that the nice weather is here lets get out and enjoy it. And don't forget to tell us about it. If possible take some pictures and send them in to Ned. Thanks for taking the time to read this.& happy motoring. ==Jack++
