

## TIN LIZZIE GAZETTE

Just a thank you from the president

Good day Members::

Well we had a good turnout with 17 members at the May 10<sup>th</sup> meeting. Last April 28<sup>th</sup> the soup bowl was held and there were four members That went. It was the best in the last 3 years, and getting better. Try to attend the next one.

There was also Zagray Farms swap and show that was the biggest With the most vendors in years. That was last weekend. Marty Found some treasures, he found a hogshead cover with two grease Lines, and some more spark plugs. One of our members found a Brand new shop vacuum for \$5.00. What a deal. Don't miss the next one.

At the May 10<sup>th</sup> meeting, Mike Kolar was there to talk about his float malfunction and decided to get a new needle valve and seat instead of rebuilding. Ernie Ross came as a guest with Tommy Angell and talked about an engine with an aluminum oil pan with 31 bolts. And Jim brought in some goodies. Thank you for the goodies.

On May 12<sup>th</sup> we went to Norwich Tech with the cut away engine and our Model T cars and trucks. There were 10 members and 6 gave rides to the students and instructors. This time there were plenty of questions from the students. The instructor was asking as many questions as well. And again the students were attentive and polite like when we were at Ellis Tech. At the end of the presentation, 6 cars and trucks gave rides. There were at least 30 students and most came over to get pictures with the cars and trucks. At this time I would like to thank all the members that could make it. Those who could not make it, I hope to see you at the next presentation. And at the Lebanon Parade on May 27<sup>th</sup>. Don't forget there is a car show at Douglas Manor on May 18<sup>th</sup> from 4 to 6 P M

Jack
