President's Note – May

Last month I reported that very little was happening within our Model T world. Well, unfortunately nothing has changed. Our usual events, even our Club Meetings, are all getting cancelled one by one as they come up. It is a wait and sees game, which requires a lot of patience.

Although our club activity level will be pretty low for the foreseeable future, the important question is how are you handling the boredom & stress of being relatively confined to your home? A few weeks ago Jack & Marge gave us a glimpse of what several of you are doing to pass the time. What about the rest of you? Have you become a movie critic? Are you now addicted to the Home Shopping Network? Perhaps you have become an expert at Trivial Pursuit? Whatever it is lets hear about it.

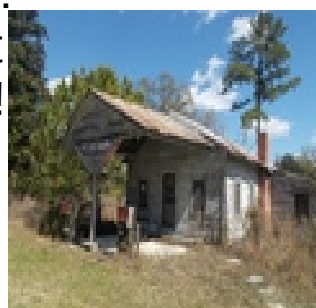

So think positively and let Jack & Marge know what mischief you've been up to. It's important to stay in touch!

Hope to see you on the road soon, but above all stay Healthy!

Pete
