The Postemski Truck - 1925

President's Note – March

My thanks to Anne for running February's meeting for me. Nancy and I had just left for a get-away vacation to the Florida Keys. Needless to say we had a great time. I guess the *Snowbirds* are really on to something!!

We are now back, refreshed and ready to finish up the winter months and to get prepared for our touring season. I have already printed out "Nationals" Model T Touring Safety Checklist that I use as a guide to conduct my annual maintenance. I hope everyone is thinking about what needs to be done to make your vehicle(s) as safe and trouble free as possible. Since it is supposed to be an early spring (according to the ground hog), don't procrastinate... now is the time to get under the hood and start checking things out.

Our Annual roster was submitted to "national" on time. By my calculations, we should, once again qualify for club liability insurance. We will know officially by month end.

In last month's newsletter I mentioned the Ford Garage Restaurants. There are about 7 of them throughout Florida. Well, wouldn't you know that Jack & Marge found one. We'll get a full report from them at our next meeting. (Pictures below)

Stay Warm & Think Spring

Pete

GARAGE BAR & GRILL-ORMAN BEACH, FLA.

This is an old print on the window with sun shining through

This is dark but you can see the rack hanging on wall, the print on the window with the sun shining , and the gas Tank and good stuff

Gas tank on wall, with shelf made out of old wood and other stuff
